

BONALDO

Artika too, Artika Wood too

Its distinctive feature is the backrest, which forms a single unit with the seat and opens out at the top, giving an impression of breadth and expansiveness. The dynamic and comfortable design harmoniously dialogues with the rigorous and solid shapes, creating a high-impact solution. The seat

can be upholstered in fabric, leather and eco-leather, while the legs come in a variety of metal finishes, offering a wide selection for an accessory with an emphasis on customisation. In the Artika Wood too version the legs are in solid ash wood.
