

BONALDO

Vague coffee table

Designer: **Roberto Paoli**

The Vague coffee table is a sculptural element that enriches the living area. The concrete base raises the metal upper section, which is available in different colours, in both a physical and figurative sense. The support top, with a curved and flowing shape that is similar to a raindrop, is ideal for

placing near the sofa. The proportions of the tops make the tables pleasantly decorative as well as functional island elements within the living space. The Vague coffee table is available in both high and low versions, which can be combined with each other.

Data sheet

Vague coffee table high
Width: 57cm
Depth: 56cm
Height: 51cm

Vague coffee table low
Width: 57cm
Depth: 56cm
Height: 44cm
